

Is your business ready to integrate?

Kingfisher offers unparalleled SAP® and SAP® BusinessObjects™ Integration expertise. Start utilizing the SAP BusinessObjects tools to maximize your SAP investment.

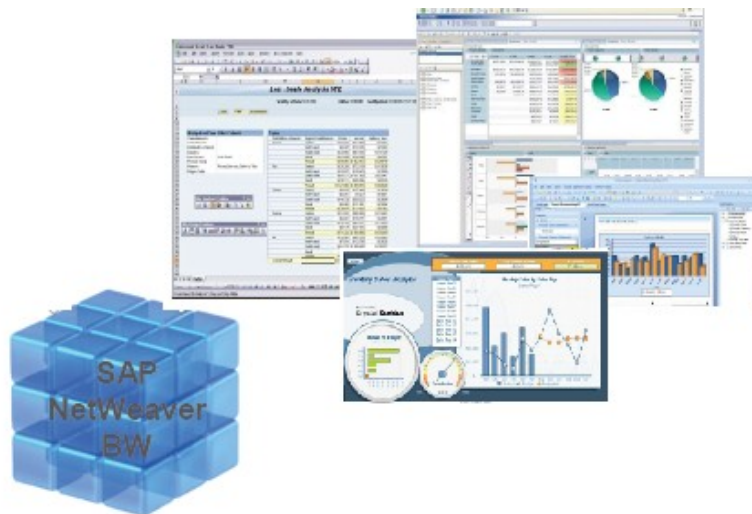

SAP BusinessObjects™

Integration Specialist

Kingfisher Integration Services

When you are looking to consolidate your BI initiatives, Kingfisher will work with your business and technical teams to help extend the value of your existing SAP ERP or BW environment with SAP BusinessObjects. Kingfisher draws from years of experience to seamlessly bridge the gap between your SAP landscape and SAP BusinessObjects with solutions that provide a strong ROI.

Integration Opportunities

Reporting

Reinvigorate your existing investments in Infocubes and BEx queries by bringing SAP BusinessObjects visualizations to your BI platform.

NetWeaver Portal

Provide a one stop shop solution for all or your SAP and SAP BusinessObjects solutions.

Security

Integrate your SAP roles and users with your SAP BusinessObjects Enterprise systems.

Knowledge Management

Offers functionality like feedback, ranking, subscription, and collaboration on top of your SAP BusinessObjects system by using features from the Knowledge Management components.

Deliverables

Kingfisher’s SAP Integration Methodology also includes the following deliverables:

- Project Plan
- Architecture Design Document
- Test Plans
- Sustainment Plan and Recommendations

Packaged SAP Integration Offerings

Kingfisher offers packaged service offerings to complete your SAP Integration strategy. These include but are not limited to:

Offering	Resources	Timeframe
Quick-start Integration readiness	Integration Specialist	1 Week
Custom SAP Integration	Integration Specialist Senior Consultant	TBD *

* Analysis will be required to determine timeframes and cost based on environments, reporting used and number of environments that require integration.

About Kingfisher

Kingfisher has been providing Business Intelligence solutions for almost two decades to many Fortune 500 companies. We pride ourselves on providing quality services, enabling our clients to maximize the return on their BI technology investments. Kingfisher has established itself as a sought after firm by delivering enterprise solutions to maximize business potential. Kingfisher has achieved Platinum Partner status with SAP BusinessObjects in the first year eligible and have maintained that status to date. In addition to the comprehensive SAP & SAP BusinessObjects core competencies pertaining to integration and maximizing your SAP investment, Kingfisher also has the most migration specialists in the United States. Kingfisher has also been recognized for our commitment to continuing education and spending the most per consultant for certifications. All Kingfisher consultants are fully certified on the latest SAP BusinessObjects release and most often several previous releases. Contact Kingfisher to day for all of your SAP and SAP BusinessObjects needs!

"...Kingfisher is doing an outstanding job on a very complex effort here. My team is quite impressed with their knowledge and out-of-the-box thinking as they have been working side by side on a daily basis. I feel good about the progress that has been made to date and equally comfortable that we will meet our deliverables in February."
