

QUICK START PACKAGED SERVICE

Fixed Scope / Fixed Price

Speed your way to BI discovery.

Get up and running

Show rapid results on your BI investment by using the Kingfisher Quick Start Package. Our experts can help you deploy quickly on your infrastructure, which will enable you to showcase the features and benefits of your BI investment.

Deliver immediate results with our Quick Start, single server implementation.

Deliver customized reports demonstrating the capabilities of your chosen reporting tools.

Showcase business-friendly data to your decision makers by implementing a semantic layer.

Demonstrate the security features of your BI platform.

Ensure IT is support ready, with our expert knowledge transfer.

What's Included

Optimize. Install and configure one BI4.x server.

Access. Create a simple and secure semantic layer to one source database.

Report. Create a template for each reporting tool.

Educate. Provide high-level knowledge transfer to two employees

Document. Provide a document of the install and make recommendations for future planning.

*Start inspiring your business
community today.*
